Keeping Score or Glory Revealed Part 2 Ps John Bendixen (Wtb)

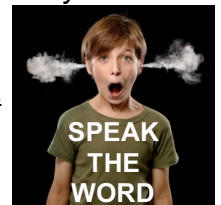

Makes rich and adds no sorrow: Humans seem to think that anything they can get and achieve, that they have to do it by hard work, toil and doing it themselves (self-achievement). But actually God says that everything we can get we can do without sorrow. He makes us rich without adding sorrow to it and allows us to live life without the performance syndrome (having to do everything by ourselves) hanging over our heads.

The farmer plants the Word: (Mark 4:15 MSG) In this scripture I can see that the farmer is not sowing money-seed (financial seed), this is about the Word of God that I plant in my heart.

I'm a son of God: *If you find that you come to church, the Word is preached and then you go away and you still live the life that you have been living, it's probably because the devil's using yourself against yourself to snatch the Word out of yourself. So if you just make a declaration, "I'm a son of God", then you can stop that process from happening.*

Speak the word through the stress: *If you feel like you're really stressed out and you can't speak the Word because you're stressed out, then here is the answer right here – you've got to speak the Word through the stress so that the stress no longer strangles you (Mark 4:16-20 MSG).*

Trust relationship: God knows that we have needs and wants to live, He wants me to have a relationship with Him that is so full of trust, that the trust relationship provides so much for me on the earth that I never have to actually use my faith to get that. The reason I don't live like that is because my faith in God is not yet at a level where I trust Him to have it met without building my faith in Him. I say: "God will surely clothe me", I have little faith if it doesn't keep me in my trust in God that He can provide even the most basic things for me. I seek first of all His kingdom and His righteousness then all these things - eat, drink, clothing, will be given me abundantly. **(Matthew 6:30-34 AMPC)**

Faith for today: I can't have faith for tomorrow because I don't know what tomorrow's going to bring. All I can do is have faith for now. **Hebrews 11:1** says, faith is now. I can only live every moment in faith, which, moment by moment will take me to tomorrow. But I can't have faith into tomorrow because tomorrow hasn't arrived yet.

Sow today: I sow seed by speaking the Word and have seed in my heart that when I arrive at my tomorrow, the Word of God has grown up in my heart and is creating my future where I live in my wildest dreams and everything could hope for. But I can only be sure that I can have what I have sown when I am sowing the Word today. I can't sow into tomorrow because tomorrow hasn't arrived yet but if I sow today then today my faith is going to be growing. **(Matthew 6:33-34 (MSG))**, If I sow the word of God into my heart, when I get to the hard times, I will be able to count on that word that's in my heart to get me through that time.

Faith levels: The Holy Spirit has given me faith when I got born again. My faith levels that God is growing in me is the Word that I'm sowing. This Word is growing, so my harvest is getting prepared. When I walk into tomorrow, my harvest is there in my heart, ready to receive what I got and what I need. The harvest is in my heart, the harvest is not in my environment (my world). When my heart has the fullness of the harvest, it bumps into the my natural world and it is able to call the harvest into it.

Keeping Score or Glory Revealed Part 2 Ps John Bendixen (Wtb)

Calling, creating and framing: “You don’t know how this calling works”, but as I’m calling and speaking the Word of God, the Word of God is beginning to create things and creating (framing) my world with the faith that has grown up in my heart. Sometimes that faith is going to say: “I need a 30 fold” or “I need a 60 fold” or “I need a 100 fold” to meet my need. Some levels of faith are going to produce at different times. Jesus says, “consider the mustard seed”. It’s the smallest of all seeds yet when it is full grown, even the birds of the air nest in the tree and it yields a great harvest continuously”. Different kinds of harvest I will get in my heart will cause a different kind of harvest that I need in my life (natural world).

Faith fulfilled: Faith is something that as I speak the Word. That Word comes out of my mouth. As I sow that Word, it is creating things in my heart. As faith grows up in my heart and grows big (mature) it becomes faith completed (fulfilled). Then faith completed (fulfilled) in my heart becomes what I need or want (natural).

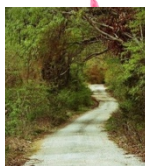

Spiritually discerned: Faith works in the same way that a seed grows in soil, a farmer can’t tell you how it grows but it does work that way. It’s a spiritual thing. I understand faith spiritually and so I begin to speak it, then it comes to pass. In **Romans 10** it says, Words that are preached and spoken create faith to get saved. When I hear the Word / good news and I receive it, it’s good enough to get me saved. What I believe in my heart and I confess with my mouth will lead me to salvation. When I speak things with my mouth they become believing words in my heart.

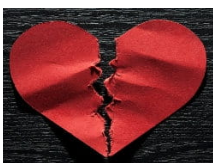

Creating a doubt environment: How do my words go from just words to believing words? That’s very important, deep down, if I say, *I’m going to give you R10 by tomorrow* and I don’t give you R10 tomorrow, what I’ve done is I’ve sown words but my actions cause me to doubt that I’ll follow through. Every time I say I’m going to do something and I don’t do it, I create an environment in my heart where I don’t believe my words. Now if I’m beginning to speak God’s words, I’ve sown into my heart a doubt system so that when I speak the Word of God, I treat them like my own words that I don’t believe. Now I’m getting confused every time I speak God’s Words whether I’m going receive the fulfilment of those words or whether I’m going to receive the doubt of my own words.

Line up my life with God’s Words: I’ve got to line up my life with God’s Words and my own words so that my words and God’s Words become so in line that I’m not doubting either. When I don’t doubt my words and God’s Words then I’m going to be in a place where I have a strong belief system that words matter and can really produce things in my life.

Double minded man: In James it says, a double-minded man is unstable in all his ways and he will receive nothing from the Lord, like when I don’t do what I say I’m going to do. If I say, “*I think I’ll exercise but I don’t feel like exercising so I’m not going to exercise*”. It seems like a small thing but I’m actually letting myself down. I might think, “*Well then it’s best that I don’t say anything*”. If I say nothing about my life then I create nothing. I stop placing my in-the-moment feelings of what I want to do above what I’m supposed to do. Being double-minded and this pattern of my life is damaging what I can do by faith.

Keeping Score or Glory Revealed Part 2 Ps John Bendixen (Wtb)

Power of commitment: I'm someone who understands the power of words, so there are some things that I'm going to commit to because I'm trusting and believing in my own heart that when I take the Words of God, give them first place above my own words, and I believe my own words and don't break them. Now I will speak this Word, until it grows up. I don't doubt it, I believe it is going to come to pass. There are some things, when I commit to them, I've got to stick with that commitment.

Example - Peter getting out of the boat walking on water - Peter had lived with Jesus enough to know that if Jesus speaks Words they all come to pass. He didn't just get out on the water and walk, he understood words have to be spoken, because on those words that are spoken there is the (stuff) substance of all life. Like Peter, I can count on those words that Jesus speaks. They are so powerful that "I can walk on water" and act on it.

Temptations and trials: The faith that I need in my life is - if I don't doubt and believe what I say, it will come to pass. The devil is trying to get me to doubt my words, so that I can doubt God's words. If I see someone stumbling (faltering) with their words, I don't judge them, I pray for them. I understand, that all of us together are going to be faced with trials and temptations, and many kinds of tests in our lives - where our words, doubts and our belief systems are going to be tested. If the devil can get me to doubt God's Word one time, he can get me to doubt another time - and the minute I doubt, I'm not going to walk in the fullness of faith".

2020 New Door - God's got me covered: There is a new door that God has got for us, and the new door is going to bring along with it supernatural increase. In order to walk through the new door, I'm going to have to trust God that as I step through that new door, that He's got it, got me, and He's got me covered. (Like Peter stepping out of the boat on the water).

(1 Corinthians 16:8-9, MSG). The minute I begin to open and walk in the doors that God has for me, challenges (opposition's) going to come. Because the minute I believe God and I walk through that door of opportunity, I'm going to experience the supernatural stuff and increase of God. **(2 Corinthians 2:12, MSG).**

Teaching on faith to see and walk through new doors: "We have a Word for 2020 that God has a new door that He has opened for us, and that we have got an opportunity to walk through this new door. I'm teaching you today on faith, because without faith you are not going to walk and even potentially see new doors, because it's going to take faith to believe there's a new door".

When Brother Jerry comes – no excuses: "Brother Jerry is coming soon and he has spoken much about who you are to the whole world. I don't want him coming here and finding that who we are is not who we are. And so, I'm speaking faith to you and I'm speaking the Word to you and I'm encouraging your faith that you do not make shipwreck of your faith. That you don't allow circumstances to say, "Well I'm not sure that I'll be available when he comes because it's early February and I'm not sure if I can make the evening meetings and it's going to be difficult and the kids are at school, and ... " And so you can have lots of excuses and I'm saying don't do that". I let this word grow up in me richly and cause me to be sure that, when I say, "I'm going to come", I'm not going to let anything stop me. I must make a commitment to this because my very life depends on hearing the words that are going to come from someone like Brother Jerry who has lived this word for 53 years. Brother Jerry comes with an authority and anointing that comes with 53 years of established faith. And I want you to be part of it. And we need to be part of it. And I'm encouraging you to be ready for it so that everything that he has experienced about us, before, he finds it again when he comes.
