

KIDS MESSAGE HIGHLIGHTS_19 April 2020_ Excellence in His Power – Lockdown_Ps John Bendixen (WTB)

President Cyril Ramaphosa: Like Pastor John, I want to thank God for President Cyril Ramaphosa and his team around him. He has really functioned as a great leader in the Nation. I pray that he will continue to have the wisdom, understanding and supreme intelligence to continue to make the right and proper decisions for all of the peoples of South Africa and even beyond.

Church functioning: We normally get together on a Sunday for church because we are obedient to the Word of God to leave our homes, come together and to function together as a Body of Christ. To allow the gifts that God places in each of us individually to be available to the other gifts in the Body of Christ; and together as an assembled group of people, we are the Church and we are powerful.

Prophetic word: The prophetic word that God gave us through Brother Jerry for 2020 was: *God will open a new door and bring supernatural increase as never before.* Supernatural increase in my finances, my relationships, my family and in many things I can experience supernatural increase and new doors can open for me.

Point of contact seed: (*Prayer cloth handed out at church*) Brother Jerry brought what he received from Oral Roberts about the point of contact and said, *"When you sow a seed and mix it with faith, your faith reaches supreme expression."* I've sowed a seed towards my future. The point of contact is my means of directing my faith towards God, it shows God that I truly trust Him. God will honour my point of contact. My point of contact focuses my attention on God and sets the time to release my faith. It also gives me something to hold on to when doubt and unbelief tries to overwhelm me. I learn to cling to my faith through the point of contact.

Focus: I stay with the prophetic word. It's important for me to stick with the prophetic voices that God has already placed in my life, that I'm already connected to in my spiritual legacy. It's important for me to be focusing on those prophetic words and not every prophetic voice and everybody's voice that wants to prophesy. It's important for me to know who my shepherd is (Pastor John) and who the people are that he's connected with, because I can be sure that God has got me covered. As for me and my household I am connected to the household of faith. I want to hear what Pastor John has to say, because that's the man that God has placed in my life for me to be connected with.

Read: Acts 19:11-13 NKJV: Now God worked unusual miracles by the hands of Paul. At my hands God is going to do unusual miracles. I take my prayer cloth, my anointed hands and I lay my hands on my business (school work), my accounts (bills at home), on my family and begin to speak words of life, breathe life, breathe my future and increase into them. *Father, I believe that just as in the Apostle Paul's life which was in order, I pray that You work unusual miracles by my hands in my workplace (school work), in my family, in my future opportunities, by my hands, my words, and my authority. I am a believer, submitted, a tither and I have a covenant with God. I thank You that unusual events happen, unusual things happen, even to the point that I lay hands on my own body and I thank You Lord for the miracle of healing that comes into my body. I believe in Jesus' Name that miracles are being done for me and through me right now in the Name of Jesus.*
