

KIDS MESSAGE HIGHLIGHTS_15 November 2020_I Will Take
The Children Part 16_Pastor John Bendixen (JHB)

His will and purpose: **Ephesians 1:11 NKJV.** Even if people are disobedient to God, and they walk in their own ways, it cannot prevent God from making **all things** happen for His purpose. God's not in control of everything, satan has a right to influence the ways of men because they give him that right. But God is so powerful that even those things He will work to His purpose. Jesus, the Holy Spirit, the church and us are in the counsel of His will. **I know that I'm in Him, in His purpose and I have the right to enter into the counsel of His will and purpose. I inherited that right.** It's not a right that comes from good works, because you're better than someone else or did everything perfectly. You inherited the right. If you inherit R100 million from somebody, and your lifestyle is really bad, it doesn't change anything, you still get the money. If God's purpose and the counsel of His will is known to us, and we don't know it, it just means we haven't been seeking His counsel. **I've got to keep seeking His counsel (guidance and direction).** You are seeking the counsel of your will, all day, every day, You might not be saying it in words, but you will be doing it in heart and in thought. When you have deep thoughts about things, you are seeking your own counsel. **I seek the counsel of the will of God for my life. What I seek for myself, will never bring any real fruit, but what I seek in His counsel, His will and His purpose brings a lot of life and a lot of fruit.**

His grace – all sins cancelled: **Ephesians 1:7 TPT. ALL.** There is no sin that stands between you and God, it's been cancelled and He doesn't see your sin. If you come into His presence to counsel Him according to what His will and purposes are for you, the devil wants you to believe is that it is not all cancelled. The only one who didn't cancel it is you, but in God's world – it's cancelled. If you don't go to Him, because you haven't cancelled it, then it's your fault. That is what the devil wants you to believe, you hold it against yourself and so you think God does too but the blood of Jesus actually cancelled it.

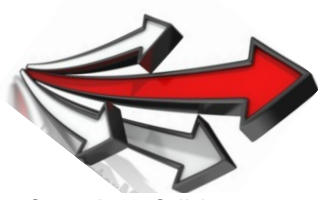

Wisdom and practical understanding: **Ephesian 1:8 TPT.** **The grace of God is releasing in me superabundantly all wisdom and practical understanding.** No wonder the devil does not want you to believe that your sins are cancelled because it stops you from tapping into everything you need to do. **Ephesians 1:9 TPT.** This tells us that in God, there are mysteries and secret desires, that He has. They are about what the church must do and be because of the blood of Jesus on the earth. How does it become clear? Through hidden things that He shows us in wisdom and understanding of practical things that just blow the mind of other people. How did you know that? How did you know not to be there? I just knew I mustn't go there. From the very beginning of time we were already in Him.

Unfailing: **Ephesians 1:10 TPT,** God wants to give all of the wisdom and practical understanding to me and it's not going to fail. **I don't care what my feelings say, I go with the plan. If I don't know what the plan is. I speak the plan so the plan can be alive in me. I don't speak what my counsel of my will is.** If you counsel yourself with your own will it will fail. **I don't seek my own counsel, I seek His supreme counsel because it won't fail.** Every knee will bow, every tongue will confess that Jesus is Lord - that's the climax of ages. Everybody who sought their own counsel and will, will have to bow their knee and confess with their mouth that Jesus is Lord, whether they spend eternity in Hell or Heaven, they're going to make that confession. **I bow my knee and confess Him as Lord every day. If I do that every day then the counsel of His will becomes my counsel and all His plans and purposes in my life cannot fail.**

God is making a claim on us: **Ephesians 1:11 TPT,** He called for me and made a claim on me so that I could be part of His mystery that He wants to reveal. I don't say, "Ah, well, I think I'll do my own thing because I can." **Before I was born, He already had His eye on me, He had a plan and a purpose for me and wanted to show me through His wisdom how He could practically work out those plans every day. Your anointing rests upon every detail of my life.**

Jump through the hoops: The Lord showed me, these obstacle courses where people have got to jump on blocks, do jumps through hoops and they've got to get as far as they can,

before they fall into water or mud. I saw these swinging hoops on chains that were between two points and as these hoops would swing there would be a moment, just a moment, where all the hoops were perfectly in line. They made one hole where you could get through at that moment. I saw that spiritually - **In the time table of God, He arranges things around my life that bring people, circumstances and things into perfect alignment where I can see through the hole, and that I've got to go now, jump now. I don't have time at that moment to wait. I've just got to jump. I've got to obey. God's timing and His detailed plan for me is in that moment. I have to jump through the hoop in the time of God.** (Like when Pastor John spoke to Brother Jerry and said, *our lives are connected*). **When God says, "Jump out of the boat and walk on the water."** Then you are not supposed to be the tortoise - Let me check the wind direction, the compass, how big the waves are. No, no, they are about a half metre above the one that I could normally walk on the water. **When God says to do something, you must do it.**

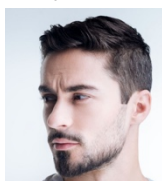

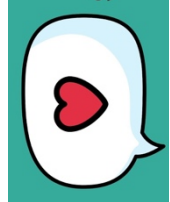

Missed hoops: *"What happens if you don't jump and you miss it?"* That particular alignment will not return, ever. *What does it mean for your life?* What it means is that if you repent, and you give God the opportunity He will cause you to get to the point in another way, He will restore things in your life, but it will never be done the way He wanted for it to happen. When we repent, He brings it round but there are things that you are going to miss out on. This is not a scare tactic. I am still a truth speaker. **There are things that God wants me to be part of.**

God speaking: *At this moment God is speaking to us as parents that we can't make decisions for our children like everybody else is making decisions for them. This is decision time for some of our children to make decisions where they want to jump into God's hoops that He has planned for their lives, not the hoops that we think they should jump through. There is no God-anointing on the hoops that we decide. The God-anointing is for His plan and purpose.*

Let God work in me: **Ephesians 3:20 KJV.** **This is directly according to how much I allow the power of God to work in me. I must let Him work in me.** God is not saying, please, stop being a dreamer. He is saying, *"Let My dreams and My imaginations grow in you so big. Because what you can receive in your human world is not big enough. I am still greater and able to do more than you can see in the spirit realm."* I want to walk in that way. **I want to dream so big in God that when I start to walk with Him, He begins to birth in me according to an imagination that He places in me - big things. As I walk out this mighty power that He places within me, and I let this power grow, He fulfils greater than I can imagine in Him because I am not big enough yet in my spirit to imagine the greatness of what He can fulfil through me. Rather than saying, well, the world says I must. I give God a chance. This is not something that I can do with my own energy. This is the energy that comes in the spirit. Ephesians 3:21 TPT. "We are that church, we are in that time, God wants to use us."**

Armour: **Ephesians 6:10 -11 TPT.** The enemy is accusing you that you've got some sin that you still haven't paid the price for. When he comes, it's very sneaky, thoughts, guilt, shame, unworthiness very deep inside and a sense of failure. And so you don't actually go there with all this mighty power that's in you. **You have got to put on the armour. Ephesians 6:12 TPT.** If someone is running you down, or causing you problems, your fight is not against the person, it's the thing that's driving that person. I say, **"That force does not touch or harm me. I am protected and impervious (unaffected) to those words."**

Sins of the Fathers: **Ephesians 6:12 TPT.** Evil spirits can only get their power from the will of men that allows them to work on the earth. They have no other power. The Bible says, the sins of the Fathers will be passed on for up to 3 generations - that is the behaviour of the fathers passed on to the children - *I live by my self-will and give the enemy power to control my future*, thinking I'm doing it, I'm in charge but meantime, the enemy is placing thoughts in my mind, desires, attitudes, emotions, the whole world system, through connections, people, friends and all kinds of things happening around me. They are powerful gods that are controlling the lives of men through their will. You can't fight that on your own. You need the will, the purpose and plan of God to be able to fight that and the rest of us standing together with you. **Ephesians 6:13 TPT. I will rise victorious if I will do the will of the Lord.**

The vision – HOFMI Project Portals: I let the Holy Spirit minister to my heart about it. This is our moment. This is right now, I want to say this by the Holy Spirit - You want security from Covid? Then your answer is not in how much you save. It's how much you give God. And don't just give him money. You've got to give Him your heart. I've never, ever put financial pressure on anybody. But when He's got your heart then give it to Him because whatever you give God I promise you He's going to blow your socks off. Amen. And if you can't give Him money, come alongside us, phone us, say, "Listen, I want to come build, break a wall, take a week's leave to come help". I saw the spirit of fear and failure and the signs of the times coming on people and just holding them back like we're stuck in mud in life because of this Covid thing. I saw Covid and global economies like people were trying to get going and you just can't because you just get sucked in this mud. The Lord said to me is, "John, your spiritual position, if you share the Word and you share what God's imagining for your future, it's going to lift you up out of that mud, and it's going to cause you to walk on solid ground." Amen
