

Let Me Show You The Way

- HOFMI family member, 02 February 2021

Come let Me show you the way
Your predestined path from which you should not sway
Give Me more than your maybe
And you will see
The fullness of all that you can be
Through Me
A disciple faithful and true
The Holy Spirit living through you

This is My grace
When you're planted in My place
The only way you can grow
Is when you continually sow
Oh you'll see the harvest
I'm bringing you My best
Bigger and better than before
This is what I have for you
The more and more
