Crossover First Fruits Part 3

Pastor John Bendixen (WTB)

Scripture reference: 1 Corinthians 15:20-28 (NKJV); Colossians 1:13-23 (NKJV); 1 Corinthians 15:23-26 (NLT), 1 Corinthians 15:23-26 (MSG)

Now we're on. Just to be clear, I'm always on, it might be that the sound system isn't, but I'm always on. The Bible says, you've got to be ready to preach in season and out of season. That means you've always got to be switched on. You know. Yeah. Hallelujah. Praise the Lord. Are you all ready for this afternoon session? Is your gray matter, the little gray cells, are they switched on? Are they vibrating there? And your spirit man? Even more switched on, heh? Ready to flow. Flow and grow. Amen. Praise the Lord.

You do realize of course that everything that I'm teaching is the Word of God and there are people ministers for a long time that have been preaching the same message just using different words. God has just given me my way of communicating with Him. It's my gift. It's my calling that when I bring this message to you it's the way that I'm with God and it's the way my gift works with God. But people around the globe for many years have talked about the love of God. They've talked about the unconditional love of God. They've talked about the Kingdom of God. They've talked about the Kingdom of Heaven. It's not a different principle of what I'm teaching. It's just the way that I'm bringing it is the way that God communicates with me and the way I press into the Lord to understand things for me. And so then it comes out the way that I talk to you. Praise the Lord. Hallelujah.

I don't know if you're ready for this this afternoon. Hey, hey. All right, let's see how we go. Let's see how we go. I am going to say to you that if the Continuous Perfect State of Being meaning God has an order, then that order establishes everything the way everything else needs to be. Yes. Okay. So I'm going to put it this way. If everyone of us needs to have oxygen to live then the order that exists is that we need oxygen to live. It doesn't matter what anybody else tells you it is that's going, it's in the air that's going into your body. No oxygen, no life. So every living thing that is living has to have oxygen, to live. It's the order of things. There's no other way of having a natural born creature that is got life on the earth whether it's an animal or anything else that needs oxygen, they're going to have to breathe it in and it's going to be oxygen that they have. It's the established order which means, that it doesn't matter what anybody else might call it, it doesn't matter what anybody else might name it, it doesn't matter what anybody might say it's so many of the cells and so many of these cells and the bonding of those cells makes it oxygen. It doesn't matter what anybody might want to call it. You need oxygen to breathe. It's the order.

So people have had a lot of names for God. They've had a lot of ideas about God. They've had a lot of things to say about God but it doesn't matter what people say about God. He is the Order. He is the Life. He is the Truth. And He is the Way that everything is. So if we use that Scripture where Jesus said, "I am the Way, the Truth and the Life." Bear with me for a minute. "I am the Way, I am the Continuous Perfect State of Being that has the order of everything. I am the Truth. I am the Continuous Perfect State of Being that is always and has always been and will always be there can be nothing else but me. I am the Life. I am the Beginning Continuous Perfect State of Being. There can be no other. There always only will be Me. And everything exists because of the Continuous Perfect State of Being that was from the beginning that will be till the end." So, if you have Way, Truth and Life it's all about the Continuous Perfect State of Being.

So the one part of it is, it's a perfect state of occupation, it's a perfect state of life and it's a perfect state of order. The Way, the Truth, the Life. It's a perfect state of being. It's a perfect state of occupation. It's a perfect state of order. We got it. Okay. These things become important when you read the rest of the Bible. Okay.

First Corinthians chapter 15 verse 20, ²⁰ **But now Christ is risen from the dead, and has become the firstfruits of those who have fallen asleep.** ²¹ **For since by man came death, by Man also the resurrection of the dead.** ²² **For as in Adam all die, even so in Christ all shall be made alive.** ²³ **But each one in his own order: Christ the firstfruits, afterward those who are Christ's at His coming.** ²⁴ **Then comes the end, when He delivers the Kingdom of God the Father, when He puts an end to all rule and all authority and power.** ²⁵ **For he must reign so He has put all enemies under His feet.** ²⁶ **The last enemy that will be destroyed is death.** ²⁷ **For He has put all things under His feet. But when He says, "All things are put under Him," it is evident that He who put all things under Him is accepted.** ²⁸ **Now when all things are made subject to Him, then the Son Himself will also be subject to Him who put all things under Him, that God may be all in all (1 Corinthians 15:20-28 NKJV).** Now that's a lot of fancy language and that's a whole lot of mouthful. That's why when I said, I don't know if you're ready for it this afternoon and I was checking that your brain cells, a little gray cells, were working and operating. I was going to read the Scripture to you.

Okay, so let's break it down a little bit. If you are a human living on the earth and your name is Jesus of Nazareth, the blood that runs in Your veins is Whose Blood? It's the Father's Blood, it's the Heavenly Father's Blood. That Blood is Perfect, it's Pure. There is no sin in the Blood. That means no sickness, no disease, no anything in that Blood. So, even though the blood is going through a human body, the blood is from the Heavenly Father, sustaining the human body. So, before I went away and did what I did, I talked to you about the fact there's no blood in the body. It doesn't matter if you've got a good heart, if you've got organs, if you've got good whatever. There is no blood flowing through your body, you die, you are dead because the blood keeps everything working.

So, Jesus is living on the earth and He's got Pure Blood, Heavenly Father's Blood is in His veins. So, what's Jesus come to do on the earth? What Jesus has come to do on the earth, He's come to live and represent what is happening in the Perfect Continuous State of Being in Heaven and the Continuous Perfect One that has always existed from the beginning. He's come to represent Him on the earth. So, He's walking around on the earth as a human, same as you and me. But He's got this Blood in His veins.

Now, when the time comes there's a challenge to what is His assignment on the earth. When that time comes He goes into the desert, fasts has nothing to eat for forty days and forty nights. And when He comes out of the fast, He gets tempted of the devil. What's happening now is that His assignment is challenged by another eternal being. So, this eternal being wants Him with this God Blood in His veins, wants Him to do what this other eternal being wants Him to do. Okay?

So, if I was to describe the devil, if God is a Continuous Perfect State of Being God, what's the devil then? He is a continuous imperfect state of current being. Because his state of being changes, because he is imperfect. The Bible also calls him the father of lies. So, he will say to you or say to humans on the earth, he will say to them things that are to the advantage of keeping you from not knowing what I am preaching to you today. So, he is an imperfect being.

Now I ask you, who do you want to take your orders from? The Perfect State of Being or the imperfect state of being? The Perfect State of Being. That's Who we want to take our orders from, right? So that the devil comes to Jesus and he says, "I want You with Holy Blood in You, I want you to give up Your right to live on the earth with Your Own choice. I'll give You a set of choices that You must make, please make these choices. Show me Your true power, show me that You come from the Father, show me." You think he was interested in Jesus showing off His power to anyone else? There was no one else there. It was just the devil and

Jesus. All the hosts of Heaven were watching. All the fallen devils were watching. But there was no other living human being that was watching. It was just the devil and Jesus.

So he's tempting Him with His assignment and with His authority. What was the point of the temptation and all of the temptation? "I want to see if I can get you to change your language, change your choices, change your perspective that you come from the Continuous Perfect State of Being one and bring that Continuous Perfect State of life to earth because I want to control what happens on the earth. If you're on the earth, your Continuous Perfect State of Being will control me," the devil. This is very important going forward for us to understand that when the devil came to tempt Jesus, he was coming to tempt Him so that he could get Him to give up that Continuous Perfect State of Being. Occupation, life. I must look this up again. Continuous life, occupation and order.

So, "I want to be in control of your order. I want to be in control of your space and I want to be in control of the way you live." What does that sound like to you and me? Control of space you live, the way you live and the order of your life. The place you live, the way you live, the order of your life. Who's in control of it? Who wants to be in control of your life? The devil certainly wants to be in control of your life but God has given us a way to be in control. Now if you remember in the early session I asked you, do you want to have power? Yes. Do you want to have dominion? Yes. Do you want to not be subject to having not enough money? We want to be in a place where we always have enough for anything. Right? I mean inherently when you see poverty you want to try and fix poverty because it's a horrible thing when people don't have enough. Right? And if people, if there's violence that is happening anywhere you want to be a protector against violence because we all know this is a horrible thing. This is not right. God has put it in all of us to want to be there.

Now when Jesus refused to make choices that gave up His Continuous Perfect State of Being the enemy tried to kill His Body a couple of times. When Jesus announced the beginning of his ministry remember in Luke chapter 4 and He says, "I've been sent to deliver the captives set at liberty those that are captives, heal the sick." He said, "This day, this day the Scripture is fulfilled in your ears." He was announcing the beginning of His ministry. He was announcing, "I'm no longer only here as a human being that is waiting for My time, I'm now stating that My time to represent the Kingdom Heaven life, Continuous Perfect State of Being place I've come to bring it to earth actively. Till this point it's lived in Me passively, now I'm declaring by the leading of My Father, I'm declaring that it's active." Okay.

When He declares that He's active the devil tries to kill Him immediately they got angry at Him and they try to push Him off a cliff. And Jesus just walked through there. You can read there are many places in the Bible where they got angry with Him. In one version of the Bible they want you to kill Him and the Bible says Jesus hid Himself. It's amazing. When I read it, I thought, "I wonder how He did that." And then the Lord said, "Well, what do you think your angels do? If something is about to happen to you, what do you think your angels do? Sometimes they'll hide you. Sometimes they'll just cause you to go in a different direction. Sometimes your angels will just slow you down. Sometimes your angels will speed you up." So if they couldn't see him it wasn't a fact that He Himself wasn't there it's just they couldn't see Him. I don't have the answer for this exactly but I suspect He might have just said under His breath, "It's not My time." Just that one word alone, "It's not My time." Sends the angels into action and they just come around Him and they just shield Him and they can't find Him. They can't get a hold of Him. They can't touch Him and He just walks through the middle of them. It's happened many times.

So what happened when Jesus was crucified? Well He made the declaration that, "My time has come. My time has come. My time has come." Remember the accusation came from the priests and Jesus never said a word. But when a king confronted Him and said, "Are you a King?" Jesus said, "You rightly say, I am." Then they put a thing, *Jesus, King of the Jews*.

The Jews didn't want Him to write it on the epitaph of His Cross but God made sure that it happened. Why? Because a King is a representation of a Continuous Perfect State of Being where the Sovereign Authority is in rule. Only another sovereign authority can speak that. In those days Rome was the sovereign occupying force on the earth that declared, "Jesus is King." I'm getting ahead of myself. That's for another day to come. I have to get this, through this first.

For sins by man came death, by man also came resurrection of the dead. So Jesus dies and God the Father raises Him from the dead because He was entitled to do it because in His veins was a pure Blood. He was killed without sin being in His Blood. The only way that I can describe this to you and the best way of getting this revelation to you is if you and perhaps it's easier now because of the pandemic how did you contact if anybody obtained a virus? COVID-19 virus? It was airborne, mostly. They said you could get it from touching surfaces and all that. Who knows what the real truth is. But most viruses are airborne anyway. So a virus comes into your body. You can't see it. You can't get a hold of it. You don't even know that it's happening but it will come into your body. That's the same way sin happens.

If Jesus had made a choice to give up His authority and to do what the devil told Him to do, sin would enter into His Body in the same way that it came into Adam's body. Adam did nothing other than make a choice for himself rather than obey God and sin entered into his blood. Which is why you and I are born into sin because we have the sin of our fathers in our veins. Jesus had the sin of His Father in his veins. If He was to give it up, sin would have entered into His Blood. How does it happen? Through choice. Through choice. How do you get the Father into your spirit man? Through choice. How is your choice? How do you reveal your choice? Through words and through actions.

So when the devil came to Jesus and tried to tempt Him to give up His power or to demonstrate His power, He would have given up His choice, sin would have entered into His veins. Because He didn't, He lived right till the end with Pure Blood in His veins. When they shed His Blood on the cross, when they shed His Blood with whips, when His Blood was being shed for us it was Pure Blood. It was the Blood of the Father that was running in the veins of Jesus that was shed. When God the Father raised Jesus from the dead He was the First Person to be raised from death. He was the First Person to be raised from death. Not the first person to be waiting in death but to be raised from death. So the Father could raise Him legally from death because His Blood was pure. Because His Blood was pure, His life becomes available to all of us, becomes available to us who believe in Him.

²² For as in Adam all die even so in Christ all shall be made alive (1 Corinthians 15:22 NKJV). Now I'm asking you the question, today. Are you alive in Christ? Who made you alive? Christ. You are alive in Christ. Christ is living in you. You have a life that is not just you breathing oxygen. You have a life because Christ's life is in you. There are other people that are living on the earth today that have got life because they breathe oxygen but they don't have the Life of Christ in them. What gave you life in Christ? Choice. How did you express that choice? Words. Come on we're going to have a rededication meeting, right now. Hey, just quickly. We're going to quickly have a rededication meeting just to make sure that we're all with it. Okay? So while you're there you can just say, *Lord Jesus. Thank You, that You live in my heart. My spirit has the Life of Christ in me. I believe it. I receive it. Heavenly Father is now my Father in Jesus name. Amen.* If you didn't do that before and you just did that now and you just believe that in your heart now, you now have the Life of Christ in you. That's how you get saved. That's how everybody gets saved. You have to believe it in your heart. Confess it with your mouth and you get the life.

So, I'm going to just make this distinction when people walk around and they go - I'm doing this for effect please. If they go, "Jesus Christ!" And they swear, they're not getting saved. I mean they're using His Name but they're not getting saved. Because they don't believe in

Him. If you can use His Name like that, you don't believe in Him. Because you wouldn't say His Name like that if you believed in Him. So even though His Name gets said out loud by many people that doesn't make them saved, you have to confess with your mouth and believe in your heart that Jesus is Lord. That gets you saved. That choice is an inward choice, it's a powerful choice, it's a holy choice and it's an eternal choice.

So, now today, I have to say some things because at the end of the weekend we are going to be a different people because we are doing firstfruits here. And that's what God does, if God says, "Give Me your firstfruits." He's doing it so that the rest can be blessed and if the rest of our lives are blessed because we gave Him firstfruits then everything is going to be blessed in our lives from this weekend onwards. More than we've ever had before because this is a conscious choice of giving Him firstfruits. I expect you guys to have holidays and vacations that are spectacular. Supernatural, amazing, blessed holiday, rest days, vacation days. Why? Because God's not trying to keep rest from you. He's trying to give it to you in the most perfect way you can ever have it. And He can pay for it and he can bless it and you can be having vacations without any stress, without any worry, without anything. "Well, I wonder if my job is going to fall apart while I'm gone?" Praise Jesus.

So, ²² **For as in Adam all die, even so in Christ all shall be made alive. But each one in his own order. Christ the firstfruits, afterward those who are Christ's at His coming (1 Corinthians 15:22 NKJV).** So my dad is in Heaven because he died as a Christian. So the time will come when my dad and if the end of the age comes, while I'm still in this body, then my dad will come and join me on this earth. And what will probably happen, scripturally I think what will probably happen is we'll all go up, meet them in the sky then come back down and rule and reign eternally here on the earth. So I don't wanna get anybody bent out of shape doctrinally. So I thought I'd just throw that in quickly so that we, you know, people, "I wonder what he believes about that." Just so you understand. Probably. Probably. But it wouldn't surprise me. It wouldn't surprise me. They all just came down from the - and there's a time of judgment, however that going to happen because we know there's a judgment coming where all the nations of the earth is going to be judged. Everybody on earth is going to be judged and you think that's going to take place in Heaven? It's not going to take place in Heaven. Those that are from the imperfect continuous one, they can't go there. So, Sunelle, where are they going to go? Where's the judgment going to happen? It's not going to happen in Heaven. You say it's most likely going to happen here, right? I can see Sunelle's brain is ticking over like this. So, I mean, it's also not going to happen in hell because the Christians can't go there.

So, the Christians can't go to hell and the ones that are going to hell can't go to Heaven. So it's not going to happen there. So the most likely place where this whole deal is going to happen is on the earth. So, I'm happy if we all go up and kind of have a meeting in the air. "How's it dad?" "Hello, son, how are you doing?" "How's it mom?" "Doing cool. Let's go reign on the earth together." Praise the Lord. I don't wanna get into an end time teaching here. But I do want to say that God, that Christ is the Firstfruit. Afterwards, those who are Christ that is coming, ²⁴ **Then comes the end, when He delivers the Kingdom of God, the Father, to the Father, when He puts an end to all rule and all authority and all power (1 Corinthians 15:24 NKJV).**

So, what's happening? What's happening now is that we are the church and we are the representation of who on the earth? Are we not representing the Father? Are we not Jesus lookalikes? Yeah? Are you? Ah, yeah. Are you, are you, are you? I don't know. Lord, help them. Lord, help them. I need you to be awake for this. Are you awake for this? Should we turn the air conditioning really cold? Really cold so that you can be awake for this. Not necessary. Because I'm about to just blow your human thinking. If it hasn't already been blown, I'm going to blow it some more. You ready for it?

Colossians chapter 1. Today I'm getting to all these heavy Scriptures, you know, places people don't read very often. They like to live life abundantly, give me life and life more abundantly. You know, I'm the Way, the Truth and Life. I like that, you know, I'm healed. I like that. Meets all my needs according to His riches in glory. I know where that is. I'm protected. Psalm 91. I know where that is. But Colossians chapter 1, I'm not sure where that is. Oh my, my, my. Okay. Come along with me. Let's go on this journey because we're on a journey to new discoveries. Are we not? We're on a journey to new discoveries. Watch this.

Colossians chapter 1, verse 13, **“¹³ He has delivered us from the power of darkness and transported, transported is another word for conveyed, transported us into the kingdom of the Son of His love.** He has transported us. He has transported us into a Continuous Perfect State of Being. Through what mechanism? Through the Continuous Perfect State of Being. **¹⁴ In whom we have redemption through His Blood, the forgiveness of sins.** So His Blood, we have forgiveness of sins. We've been transported into the power of His Son. Right? Into the Kingdom, the Continuous Perfect State of Being. **¹⁵ He is, Jesus, is the image of the invisible God, The firstborn over all creation.** **¹⁶ For by Him, all things were created that are in Heaven And that are on the earth, visible and invisible, whether thrones or dominions or principalities or powers. All things were created through Him and for Him.** **¹⁷ And He is before all things.** There He is. He is a Continuous Perfect State of Being, which means He was before all things. He was there. So there is nothing that comes afterwards that can even say what is the beginning of anything because you can never understand what the beginning of anything was because He's the beginning of everything. So, **¹⁷ He's before all things and in Him, all things consist.** They are there because of Him. **¹⁸ And He is the Head of the Body, the church, who is the beginning, the firstborn from the dead, that in all things, He may have preeminence.** So, He wants to have preeminence, means He wants to be the first in everything. He wants to have the highest authority, the highest influence, the highest position, preeminence, the highest position in all things.

How's He going to get this done? Through the Continuous Perfect State of Being ones that are currently on the earth. So where is Jesus currently in His Glorified Body? He's sitting at the Right Hand of the Father. Where is the rest of the Jesus' living? That's you and me. So how's He going to get this job done? He's going to get it done through us. **¹⁹ For it pleased the Father that in Him all the fullness should dwell.** **²⁰ And by Him to reconcile all things to Himself, by Him, whether things on the earth or things in Heaven, having made peace through the Blood of His Cross (Colossians 1:13-20 NKJV).**

So we are dealing with Christianity here from the beginning of it to the end of it. We are dealing with life on the earth from the beginning of it to the end of it. We are dealing with everything in between. If we understand that He is a Continuous Perfect State of Being and everything that He has ever done is a continuous perfect state of whatever He's going to do. And whatever order is as a continuous perfect state. It is just always continuous. It's always perfect. And the condition of Him Who is always perfect is always perfectly conditioned to anything and everything that will ever happen is always happening perfectly because of Him. So, when He gives that to you in the form of Christ's life happening in you, then that Scripture says, **¹⁵ He is the image of the invisible God, the firstborn over all creation.** The firstborn means the first of. Remember in Corinthians we read He's the firstfruit. So if He is the First One, then we are the rest of it.

So now we also know that if you are the firstfruit, then you are blessed. The Father receives the firstfruit so He can bless the rest. So, Jesus went up into Heaven as the Firstfruit so that the Father could bless all the rest that were coming because He's the Firstfruit. He's the First-born. So now we are the blessed ones. If we get to it this weekend, we'll read what he said in Matthew chapter 5 when He says, “Blessed are those, blessed are those, blessed are those, blessed are those.” And we are all of those because that blessing happens to those

that are in the Kingdom because the Kingdom was at hand. Okay, okay, okay, okay. Let me finish the Scripture. I have to finish the Scripture so I can get to it.

21 And you, who were once alienated and enemies in your mind by wicked works, yet now He has reconciled ²² in the body of His flesh through death to present you holy, and blameless, and above reproach in His sight. When Jesus is presenting you, you are what? Holy, blameless, above reproach in His sight. Come on, it says, "Holy, blameless, above reproach." That means He doesn't see anything wrong you've done. He only sees you as the rest of the next as a Continuous Perfect State of Being. And so what does He want to do with all of you people that are living in this Continuous State of Being? Blessed. Blessed. Blessed are you because He doesn't see you as any fault.

Remember what I said about holy? Holy is perfectly integrated. Everything you say, everything you think, everything you do is the same. So if you want to say someone is holy, you could say they are integrous, they are integrated. So God the Father is Holy because everything He says, everything He is, everything He does is a Continuous Perfect State of Being. It's always the same. He's Holy. When He looks at you, the Blood of Jesus has been shed for you. And when you receive Him into your heart, He no longer sees you as anything else but a little Jesus. A little Jesus. Continuous Perfect State of Being. Hold on now. It's getting even more exciting and more powerful.

23 If indeed you continue in the faith, grounded and steadfast, and are not moved away from the hope of the Gospel which you heard, which was preached to every creature under Heaven, of which I, Paul, became a minister (Colossians 3:21-23 NKJV). So, how is it possible that you can get moved away from the faith? If the Continuous Perfect State of Being One has come to live in your spirit. Hey, come on now. I know that this little part of what I'm saying, I know it's a controversial matter in the church. I know because some people don't read the Bible properly. Sorry to say it. They've allowed generations and I'm not having a go at them, but they've allowed generations of traditional teaching to just continue to be spoken. And so they must by nature, if they want to be included in those circles, they must take on the same belief. Or at least not speak against it, anyway. But if I, as a human being, believe in my heart and I speak it with my mouth that Jesus is my Lord, the Continuous, Continuous Perfect State of Being comes and lives in my spirit. How does a Continuous Perfect State of Being come out of my spirit? It can't happen. It can't happen because you're born again of a Continuously Perfect State of Being. What's going to happen if you want to get rid of this Continuous Perfect State of Being out of your life, what's going to happen? The Continuous Perfect State of Being's love is going to be towards you and He's going to start sending people into your life. "Go tell him, go tell him, go tell him, go tell him, go speak to him, go tell him, go speak to him." If you get really hard-headed and you say, "I don't wanna have anything to do with Him anymore, I don't wanna have anything to do with church anymore, I don't wanna have anything to do with anymore you might find yourself in an accident or you might find yourself, that's not because God's doing it to you, you've opened yourself up where the angels are no longer protecting you. But what will happen is that any event that happens in your life, God will use it and say, "I'm in you, come back to Me, come back to Me, come live with your mind, come live with your words, come live with your choices, come live in the place that I'm occupying." You can't just make a decision like that, I want to get rid of the Continuous Perfect State of Being who is continuously perfect towards you all the days of your life and He's living in you and He's not going to do everything in His power to warn you, to stop you, to bring you back to that place.

So, if you have the Continuous Perfect State of Being in you, living in you, how do you walk away from hope and faith? It's because you allow the things that are out there in the world to penetrate your thinking, to penetrate your emotions and your desires and you start to make choices that are greater than the Continuous Perfect State of Life that is inside of you. And as you do that, you allow your thinking to take you in your actions away from the Continuous

Perfect State of Life-being that you're supposed to live, you start to live another way. This is not a hard thing to do because we are all born in our human bodies with sin in our blood.

So, when Jesus came to die for you and me and we receive Him in our spirit man what's happening constantly to you and me is that Perfect State of Being Life is working to grow you into a place where your thoughts and your words and your actions are equal to the life that's in you. Because if your words, your thoughts and your action can be equal to the life that's in you you now become what the Bible say a perfect or a mature Christian, a mature being. Because as I'm walking around and things that are happening to me things that are happening to me I see a thing happening to me and I'll say, "I've just got to take the Bible and speak words of my Continuous Perfect State of Being into this temporary space. The lack of finances is temporary. If you've got sickness and disease, it's temporary. If you have relationships that are crumbling, it's temporary. All the while the Continuous Perfect State of Being that's inside of you is working to lift you up to cause you to live according to the life that is in you. Okay. Are you all with me still?

So, if I go, if I just read Colossians 1 verse 15, ¹⁵ **He is the image of the invisible God, the firstborn over all creation (Colossians 1:15 NKJV)**. The image of the invisible God, image. So if I'm just going to talk for a minute about the image. Besides the obvious meaning of image, which is likeness, you agree? Besides the obvious meaning that it's likeness. Image also represent a full complete representation and manifestation, in other words, not only do I look like it, but I'm also presented like it. So sometimes it used to be like this, when all the Bendixen males were living in the same household. In those days, we used to have telephones still. Now you don't even have a telephone anymore. Everybody's on a cell phone. But when you used to have a phone that would ring in the house and you would go and answer the telephone and say, "Hello." It used to be a case that when any one of the Bendixen males used to answer the phone, we all sounded the same and they never knew who was talking on the phone. After their voices broke, do you understand? And still today, we sound very, very similar.

So the likeness is there, but the exact representation and manifestation might be different. When Jesus was the exact image of Christ, it wasn't just that He, of God the Father, it wasn't just that He was a perfect being. It means in everything He did and everything He was, He was a representation. He manifested the Father. Because Jesus said this. He said, "Anyone who has seen Me has seen the Father. That doesn't mean to say that in His physical features, there's only one kind of man. That means that in the essence of the human being, He represented the Father. This is an accurate thing because when God said, "Let Us make man in Our image." In Genesis, He formed Adam out of clay to look like Them. So for us as humans, it's not improper for us to say we look like God. Well, you might say, "Well, but there's some shorter people, taller people, heavier people, slimmer people. Which one is it?" It's all of us. It's all of humanity. It's the fact that we breathe. It's the fact that we see. It's the fact that we can choose. It's the embodiment of the image of God. I could definitely make this argument that if you've got hair on your head after you're fifty, you don't look like God anymore. Because I am an exact representation of God. So for those that have got hair on their head after fifty, sorry for you. I wonder what we would all look like if we didn't shave at all, men and women alike. Are you here? Still awake? That's a good thing.

If you've seen God, if you've seen Jesus, you've seen the Father. Not only does this word *image*, this image, it's the perfect representation. You know, how many of you have been, had the wonderful experience of being in a bank or being in a shop where they crack open, I mean, it doesn't happen too much because there's not many coins going around anymore, but they crack open a brand, brand new roll of coins that has never, ever been used before. And you have this perfect, perfect coin in your hand. And if it's a silver coin that's shiny and new and clean, and there's been no human touch to it, and it's just amazing. Well, that is probably the closest you're ever going to get to the imprinted one. There was a printing press

where silver was put into a die and there was an image made. And then when that image came out, it was packaged. So it's probably the closest you're ever going to get to the original image. Jesus is the closest representation ever on the earth including Adam, ever on the earth to completely represent the Father, perfectly. As a human that came to the earth He perfectly represented the Father.

So, I could say this, because God is Light and there is no shadow of turning in Him when Jesus came to say He was the image of God, the exact image of God, there is no difference between what Jesus was doing on the earth and Who God the Father was in Heaven. I'm laboring this point because it's important for me to say this, and then we're going to take a five minute break And then I'm only going to minister for about a half an hour after that and we'll call the afternoon session and come back tonight, okay?

It's important for me though, to really press this home. He was the exact representation. Can I read it to you again? ¹⁵ **He is the image of the invisible God, the firstborn over all creation.** He is the image of God. That means if you looked at Jesus and Jesus told His disciples, "If you've seen Me, you've seen the Father." If you saw Jesus, you saw the Father. Okay, so if I go back to, if you saw Jesus, you were looking at a Continuous Perfect State of Being Human, right? He came from the Continuous Perfect State of Being, which was God, the Father, and He came to live on the earth as a Continuous Perfect State of Being Person. Because He was the exact image, if He was the Firstborn of many to come, then we are also the exact image. But we don't behave like that. We are not a full manifestation of that. We are just a partial image of that. Because in our spirit man, we are perfectly the image of Jesus. Perfect inside of us. But the way we live, we are not. So we could say our state of occupation is different. Our state of life that we live is different. And the order of things that is happening is different. Okay? Just bear with me one more minute in this session.

If I want to impart something to you that's going to be able to make the whole Scripture, the whole Word of God just become alive to you, then I would say this. I would say that God wants you to live in a perfect continuous state of being. That's how He wants you to live. Do you want to live like that? You want everything that's good, everything blessed, all life, you want it to continue to happen all the time. All the time, right? You want to be in that state of being of peace, of joy, of knowing continuously you don't want to be in doubt and confusion. You don't want to feel like there's some guilt thing going on. You want to live in that space, but you're not yet. So part of the reason we are not yet is because as a church, as the church on the earth, number one, the church has not understood the Kingdom of God. Even now, if churches preach the Kingdom of God, it's like that's a sideline message because the main message that we've got to preach is get saved and make disciples. Get saved and make disciples. Get saved and make disciples, right? If you say these words in any given church today, mainline messages. If you go to a church anywhere, and there are not too many of them, but if you can find a church that preaches the Kingdom of God, you're going to hear that they preach it for as a subject for a year or a period of time, and then they'll go back to saved and making disciples. I wonder if that's because there's a strategy to try and keep Christians from understanding what Continuous Perfect State of Being is like from Heaven to earth in you.

Because when Jesus prayed, and they said, "How should we pray?" He said, "Pray like this, our Father. Our Father, Who's in Heaven. Glory to Your Name, glory to all that You represent and everything that You are. Thy Kingdom, Your Continuous State of Being, where You occupy, let us occupy in that same Continuous Perfect State of Being on earth as it is where you are. Do you think Jesus would have told us to pray that, if we couldn't get that? By the way, He got His disciples to pray that, before they got born-again. That means there's a level of faith that you can exercise that can bring Heaven's life to earth through covenant, through covenant, through covenant, through covenant. Hallelujah.

So when I'm going to talk to you, and over the weekend, I'm going to talk to you about Kingdom Economics and Ecclesia Economics, what am I actually saying? I'm going to be talking to you about an economic system that has got a Continuous Perfect State of Being. And it's available to all of those who understand the authority that they walk in to govern and rule and reign on the earth so that these people are always walking in a Continuous Perfect State of Being economically. Because the thing that governs all of us is a Continuous Perfect State of Being of love, not self-interest. So when we begin to behave like that, God says, "Hey, these people, they are a representation of Me." Blessed, blessed, blessed, blessed. I ask you, do you think a curse ever came upon Jesus? There was no bloodline curse in Jesus' life. There wasn't any preacher that came up to Jesus and said, "Hey, Jesus, I think You got some bloodline curses in Your life."

You know, there was a time when your bloodline can be traced all the way back to Rahab the harlot. So, so, so, you know, and there's a whole bunch of weird things that happen in King David, you know, I mean directly to King David, your bloodline. And David, he murdered people and he committed adultery. And I mean, he did a whole bunch of bad things. And so we better start, we better start doing some bloodline cursing, you know, checking out here, Jesus. I mean, it makes me want to vomit. They could have said, I mean, if it was a modern day person, they would have said, "Jesus, we've got to get rid of a couple of things in Your life before You can fulfill the Will of the Father." And Jesus says, "What? I've got His Blood in My veins. I Am, I Am, I Am, I Am." Come on.

So when the devil wants to come to you and he says, "Hey, you got a whole bunch of bloodline curses going in your life and you've got to get rid of all of those bloodline curses before you can be free." You say, "What? What curses from which blood? I have pure blood in my veins. I am a born-again, recreated child of the Living God and there's nothing in anybody's past that can affect me. I don't receive that in Jesus' name." I say, forget about that in Jesus' name. What I've got to deal with is what's happening in my own head right now today, what's happening in my own desires right now today. And it's all up to me. It's in my choices that I've got to take because that Continuous Perfect State of Being One is living inside of me. And He's giving me this empowered life, this complete power all the time to be free of everything that has ever come upon me at any time, all the time. Hallelujah.

Is it still the fact that there are people that have generational curses that are lifestyle oriented behavior patterns that are still part of people's lives? Yes, that's true. But that's your choice to get rid of them. That's not something you've got to go and take care of and get the devil out of your history. Cause there's only one story I want to live in that's His story, not history. Hallelujah. Hallelujah. Hallelujah. Glory to Jesus. So what do you all think? We are digging some new ground here. We are just establishing some new foundations here so that when we go forward and we talk about some things here in the church, we can understand this. Because I want to tell you by the end of this weekend, the Word of God is going to be working so powerfully in you. I'd be surprised if you guys don't walk out of here on water, you know. Just say, bring me some pots that I can lay hands on them and turn them into olive oil. Because we don't want wine, we just want olive oil. Or something like that, you know. Or water, yes, water, you're in Witbank, water. Pure water. Yes, pure water. Pure water. Hallelujah. Let's take a five minute break and we'll come back. In the meantime, drink pure water.

29 March 2024 Crossover First Fruits Part 4
Pastor John Bendixen (WTB)

Hello. Praise the Lord. Thank you, Jesus. You didn't believe me when I said five minutes. My last five minutes were longer. I'll just keep you guessing.

I'm going to read the Scriptures that I read to you in Corinthians. I'm going to read them to you in two different translations. First Corinthians chapter 15 verse 23 from the New Living translation says, ²³ **But there is an order to this resurrection: Christ was raised as the first of the harvest; then all who belong to Christ will be raised when he comes back.** ²⁴ **After that the end will come, when he will turn the Kingdom over to God the Father, having destroyed every ruler and authority and power.** ²⁵ **For Christ must reign until he humbles all his enemies beneath his feet.** ²⁶ **And the last enemy to be destroyed is death (1 Corinthians 15:23-26 NLT).** This is so powerful because this actually tells you the whole mandate of the church.

The Message translation says it like this. ²³⁻²⁶ **Everybody dies in Adam; So, when you're born of Adam, and if you're in here today, you were born of Adam, everybody comes alive in Christ. But we have to wait our turn: Christ is first, then those with him at his Coming, the grand consummation when, after crushing the opposition, he hands over his kingdom to God the Father. He won't let up until the last enemy is down—and the very last enemy is death! (1 Corinthians 15:23-26 MSG)**

Okay. I'm going to talk about a few things that are happening right now and then we'll go from there. It'll launch us into the rest of the weekend. This clearly tells us that there is a series of things that are happening and Christ is now the Ruler of everything because everything's been put under His feet. This Scripture says that there is a time coming when the Kingdom is going to be given to His Father. That's what the Bible says, the Kingdom is going to be given to His Father because every enemy has been totally crushed and the last enemy to be crushed is death.

Okay. I know that this hasn't happened yet because Kenneth Hagin died, Oral Roberts died and others have died and so, you and I will also die at some point. If the last enemy to be crushed is death, then that means there's going to be a time when none of us will have to worry about dying physically. That already tells us that the mandate of the church is, we have to live in a Continuous Perfect State of Being on the earth so that this Continuous Perfect State of Being that lives in us can be an exact image of the way it is in Heaven. When that happens, everything will be under His feet, and then the last will come. The church has got to do its job.

For a minute, I want to just talk to you and set it up this way. When you are born into the earth, you are born into a set of natural laws. I want to call it the natural order of things. When you are born into the earth, you are born into a natural order that you must breathe. You're born into a natural order that you need food to live. You're born into a natural order, which means you must exercise to keep your muscles strong. You're born into a natural order of things that gravity must be continuously present so that we can live on the earth. There is a natural order where God declared at some point that there will be seedtime and harvest, there will be winter and summer, there will be day and night. It's a natural order that we have been born into. So, your human body is born into this, and the body that you have is not a perfect state of being, it is an imperfect state of being. And you have sickness and disease in your body because your body is an imperfect state because it has sin in it.

So, when people talk to you and they say, "There's a flu virus going around and you need to get your flu shot vaccine so that you can prevent your body from getting a flu virus." What it's actually saying is that sin has contaminated the earth's environment just as it's contaminated

your blood. Sin has contaminated the earth's environment so that what God had said was to be the original glorious state of the earth is no longer, it has been contaminated by sin. Just take that as what it is. I don't want to have to explain sin to you again, but earth is contaminated.

So, this contaminated sphere that we live in has a breeding ground of all manner of sickness and disease, and all manner of things like poverty and all manner of things like violence and all manner of things. These are things that are fermented in sin. They are not a production of life. They are born out of continuous sin on the earth. Yeah. Okay. So, the natural order of things, the natural laws that are at work in our lives, the natural order is affected by sin.

When humanity started living in the sin world, your spirit life was impacted by the same sin disorder. As way back as the beginning with Adam and Eve, the first disorder that came into the earth was after they made the wrong choice and sin entered into their blood. They realised something that they didn't know before. And if you'd heard my message from a couple of weeks ago, you would remember that I said the first thing that happened is that they became ashamed because of their choice that showed them that they had given up the glory and the amazing beauty and glory of God that covered them. And now they could see with their eyes that the choice that they made was far less glorious than what God had given them.

So, because they now saw, "Hey, we were covered with the glory of God, the brilliance and the Light and the very Continuous Perfect State of Being that made us. When we became imperfect in our choice, we saw the imperfection." You know, please, if you just bear with me, I'm not trying to be rude or anything. It's not like Adam looked at Eve's boobs and said, "Oh, dear." And vice versa. You understand what I'm saying? It's not that they looked at each private parts and said, "Oh, dear, what's that?" What they saw in each other was no more glory. They saw each other's humanity, not the glory. When they realised that they had lost the glory, they were ashamed because their choice brought them into such a bad place, such a lower state, let's put it that way, such a lower state than the previous state that they were living in.

So, as far back as then when God came walking in and He said, "Oh, you have made a choice. I have to reorder. You were living in a Continuous Perfect State of Being and now you have chosen an imperfect state of being. I cannot permit you to eat from the Tree of Life and have a continuously imperfect state of being. Therefore, I have to take you out of the garden and put an angel or flaming sword to prevent you from going back in the garden. So, you can't eat of the Tree of Life so that you will have a continuous imperfect state of being." When you were created by God, they were born, they were created as, Continuously Perfect State of Being people. Adam and Eve were never designed to die. They were never designed to know sin. They were never designed to know death. When they made the wrong choice, death came into their blood and sin came into their blood. And then God had to reorder things and he had to say, "You can't eat of the Tree of Life now." Because in your condition you will live continuously imperfectly. And then sin will have a full cycle of eternity to become something that it's never supposed to be.

So He had to take them out of the garden and prevent them from going. So there's always a consequence in the natural order from a spiritual disorder. And I need to make this distinction to you that there's a natural order of things and then there's a spiritual order of things. So the natural order and the spiritual order by the very way that things work must work together. So, for example, I have to breathe to be here today. I have to eat food to give myself energy to be here today. I'm sure you are glad that I'm wearing clothes in front of you today. There's a natural order that is both spiritual but natural at the same time. While I'm in this body, breathing, eating and wearing clothes, it permits me to have God impact my spirit man. So that my Continuous Perfect State of Being that is inside of me begins to get

stronger and grow bigger. And so now when I realise that I'm living in an imperfect natural order and my Continuously Perfect State of Being spiritual order comes into contact with the imperfect order, I have to choose which one of these orders is going to make me do my next choice. Am I going to make a choice for the imperfect order or am I going to make a choice for the Perfect Order that's inside of me?

So there are just some things that you don't have to try and choose. You don't have to try and choose to breathe. It doesn't need an intervention from your spirit man, to tell you to breathe. Your natural man is going to tell you, breathe and you do it automatically just all the time you do it. In all of these things there's points where the spirit man and the natural man can find and they do have to find synergy because if I say, "I'm not going to eat anymore, it's my choice, I'm not going to eat." And people have done this, they've gone on hunger strikes. "I'm not going to eat anymore, I'm just not going to eat anymore." And I choose by will, sure will, I'm going to choose not to eat. What happens to their body? Their body gets weaker, weaker, weaker until they have no more strength and your body can't function. And there comes a point where your body can get so weak that your spirit man and your soul are getting in a state of readiness to leave because your body's about to completely shut down. When it does that, your spirit man that is going to live eternally and your soul leaves. So there has to be a cooperation between the natural man and the spiritual man and the soul man. There has to be a cooperation. Now this cooperation tends to have a big impact on what we do eternally.

So what did the devil test Jesus on? When he was hungry and he came out of the fast, what was the test? Turn stones into bread. He says, "I'm going to test the strength of the Continuous Perfect Being that's inside of you. I'm going to test how strong that Continuous Perfect State of Being is with a choice that's about your natural body and I want to see which one of these is more powerful. That's what he came to ask Jesus in that moment - which is more powerful, the source of keeping your life or the Source of your eternal life?"

So when Jesus said man shall not live by bread alone but by every word that proceeds out of the mouth of God, He was saying, "This person that I'm in, that Continuous Perfect State of Being, I know because I'm continuously perfect that everything that is temporary on this earth is under My control and under My command," otherwise the devil wouldn't have tempted Him to turn stones into bread. Come on. How do you tempt somebody to do something if they can't do it? So the devil knew that Jesus had the power over all matter to turn stones into bread. So, real temptation because such was His authority and His power as a Continuous Perfect State of Being living in the natural world that He had the power to command stones to feed Him. How did the devil know that? He recognised Jesus from eternity.

Isn't that what happened when Jesus was walking among the tombs and they said, "Have You come to judge us before our time?" They knew who Jesus was and He told them to shut up and go and live in the pigs and then they ran into the sea. You shouldn't have anybody that's other than God Himself and the Holy Spirit tell you who Christ is to you because there are many voices that will and they're not all godly voices. Just like the devil wanted to tell everybody and make an announcement that this is the Christ but then God told him, "Shut up." Amen. Hallelujah.

Okay, so here Jesus has the authority to turn stones into bread because He lives in a Continuously Perfect State of Being. And if you live in a Continuously Perfect State of Being in Heaven then everything that is on the earth is natural matter, then it came from Heaven into natural matter therefore everything that's in Heaven will control natural matter. Natural matter does not control what happens in Heaven. Come on. The earth was formed because of Heaven. The earth was formed to look like Heaven. Sin came into the earth and then it became changed. So when the devil comes to Jesus and he says, "You're hungry, turn

stones into bread. I recognise that your words have authority over all matter so You can do this.” “No, I'm not, I'm going to live by the Words of My Father.” “Okay well let's take You and show You all the kingdoms of the world and let's show You everything that You can do.” He says, “No, no, no. I'm not here for you to tell Me what My assignment is. God's going to tell Me, My Father's assignment is what ...” “Well, why don't You jump off this and have God send His angels to stop You from falling?” “You will not tempt the Lord your God.” Every time He answered him with what? The Word. Every time. What did He do? In His natural man He reached into the eternal Continuous State of Being word vocabulary, word dictionary, Will of God storehouse and He brought it into the natural realm and He brought the order of the eternal Continuous Perfect State of Being One, He brought it into the order of the imperfect state of being. Because He brought the order of the Perfect State of Being, natural laws had to obey Him.

Because He said no to turning stones into bread, when the time came to turn water into wine, God the Father honoured it because the timing was right. What was the difference between turning stones into bread and water into wine? What was the difference? One was under the authority of God, the other one was the suggestion of the devil. The natural world is definitely going to be impacted by us and the impact of the natural world is going to have an impact on us. Right?

Continuous Perfect State of Being that is in us, is where we want to live. Right? Because as much as there is natural ... There's a natural order. I'm just going to put it this way because if I speak about natural laws then there's a lot of laws that we live by that science will call laws. I prefer to call it natural order only because once again language of law is really ,it doesn't have a good space for us to work with if we're going to change what's happening in our revelation. So, if I keep going back to old language then it can affect our revelation. I'm using new language to help us get to a revelation. So the natural order of things is something that we always have to be connected to while we're in this body. The minute we leave this body, we are always going to be involved with the spiritual order. The order of God, the spiritual order of God is eternal. That's why the devil doesn't like it when Christians demonstrate a spiritual order on the earth because what is being revealed is actually, there is a Christ life on the earth that brings spiritual order. That's why the devil doesn't like it when churches preach on subjects like Ecclesia and Kingdom because it reveals the spiritual order that is available on the earth through human beings rather than the order of desire and lust.

He wants the order of life to be, just respond to your natural man order. Just respond to your natural man order because there's an order to the natural man. And if you just keep responding to the natural order of your man, just keep responding to whatever your natural man order tells you to do. Just do it. Keep doing it. Well, because if I keep doing that then I don't look for a spiritual order. Then in my life I am worshiping natural order. But God the Father has given us Christ so that we could worship Him through spiritual order.

So, when Jesus came to do the will of the Father, He, I mean He is on the water in the boat with the disciples and He said, “Let's go to the other side.” Yes? So He's in His body, in a boat, that's natural order. People used a law that says something that can float can go up on the water. Yes? If you build something that leaking water doesn't get in there, you can float on the water. Order, natural order. And if you use the wind to get this container, it can take you across the water. Come on, just bear with me. So, He's in the natural order, natural body in a natural container using natural elements to get to a natural place. While He's in this natural place He is also the Continuous Perfect State of Being. In this Continuous Perfect State of Being, He says to His disciples, “Let's go to the other side.” What happens to His words when a Continuous Perfect State of Being says, “Let's go to the other side?” What's happening to His words? There's no imperfection there. It also means that the will of the Father is being done. God wanted Him to be there in His natural person. Right?

So He gets into the boat and He makes a decision, and I want you to understand this, He makes a decision to sleep. He doesn't make a decision to sleep because He's tired. He makes a decision to sleep. "Well Pastor John, why do you say that?" Well, I know that He had to make decisions to eat. One time the enemy said, "Turn stones into bread." He said, "No I have not yet made a decision to eat." And another time His disciples brought Him food from the town and they said, "Have you eaten?" And He said, "I've got food that I eat that you know not of." He was living off the words of His Father. He had to make a decision to sleep. Huh?

Come on just bear with me. He gets in the boat. He's going to sleep. While He's sleeping there's a strong wind that comes up and because of the strong wind there's now big waves, and these waves are bringing loads of water into the boat, and the disciples are in the same boat as Jesus, and they start bailing water out – natural world, natural background, natural consequences. We know what the end result of this wind and these waves are in this natural boat; they start bailing water. Eventually, they realize this storm is too big for us we can't bail enough water. This storm is about to take us under. "Jesus, Jesus wake up!" Jesus was not waking up because of the storm. He chose to sleep. He was sleeping because He had commanded they were going to the other side. So when He chose to sleep He didn't expect to be woken up from His sleep until He was ready to be woken up from His sleep when He was on the other side. Because He was always knowing that He was going to sleep because He chose to sleep.

So when they came to wake Him they had to wake Him because He knew the storm couldn't affect Him. But they got in a panic, so they woke Him. "Don't You care that the storm and these things are going to kill us?" He says, "Where's your faith guys? Where's your faith?" "Shhh." The wind goes down and the waves stop. And they all look at Him and say, "What kind of Man is this?" Because what they saw was a man that's living in a natural body, commanding things that human beings are not supposed to be able to command. Next time there's a big summer thunderstorm about to happen, I dare you to go and stand and as the rain comes, go stand there and say, "Stop, stop, stop." I want to tell you, out of your spirit man you can do it. But we don't train ourselves enough in the continuous perfect state of being. Huh? I'll tell you what if I went out there one day and I'd built my faith and I'd go, "Stop," and you see everybody raining around me and just where I am there's no water coming, you would look at me and say, "What manner of man is this?" And then you're all likely going to say, "Joh, did you see Pastor John? He's got faith, hey. I mean, he stopped the water coming from the sky on him." Right?

Well, when Jesus got up and He just went, there's this wind that's howling and blowing, it's a full blown storm that's about to take this boat out and He just goes, "Shh." That's the literal translation of what He did. "Shh." That storm, that wind went down, the waves started subsiding and the Bible says they were on the other side.

What happened was the natural man was completely in sync with the Perfect Continuous State of Being. So, the Continuous Perfect State of Being was working in Him to create the continuously perfect state of environment that was most beneficial to Jesus. I wonder if you're beginning to get the revelation of what's happening here because inside of you is a Continuous Perfect State of Being. It's God Himself living inside of you. And what I've just described to you is within the scope our authority.

It's within the scope of our authority, but we have become so sensitised to the realm of humanity, that the spirit realm is something you do occasionally on a Sunday. But, actually, God is saying, "I am wanting you to live with this Spirit; Continuous Perfect State of Being. I'm wanting you to live in that state all the time so every word that you speak, every action that you take, every thought that you have, everything that you do is the Continuous Perfect State of Being coming out of you, coming out of you, coming out of you." So, now, when you

say, "Thank you, Father, ah, there's not enough bread, not enough bread... thank you, Father, as I pray, You multiply this." Hallelujah.

I've just begun to touch on a few things today. Hallelujah. What do you say? Are you getting something out of this? Hallelujah. You know, I mean, God is the Creator and you and I, we have a lot to learn and we have a lot that we can have an adventure in. We can have this journey of discovering just how powerful we are as Continuous Perfect State of Being that is in us. If we get our mind and our bodies to obey our spirit, we are limitless. We are the devil's worst nightmare. We, literally, are the devil's worst nightmare because when you start to live as one that has got a Continuous Perfect State of Being, then he can't intimidate you with a lack of finances. He can't intimidate you with sickness and disease. He can't intimidate you with anything that's going wrong in your life. He can't intimidate you. He can't cause fear to come on you because of a circumstance because the Continuous Perfect State of Being is in you. That's why you can have such peace that passes all understanding because it's not a peace that man gives you. It's a peace that God gives you. How many of you want that peace? I want to continue living in that peace. It's ours to have if we live there. Amen.

Thank you for listening. Thank you for being here this afternoon. I think our next session is at 6 o'clock. If you're going to have a lekker *slapie* this afternoon, then I'll use a good Afrikaans saying; *lekker doeks*. If you're not going to have a *lekker-doeks*-time, then *lekker* meditate anyway. Hallelujah. Thank you. We'll see you later.
