

Crossover Part 35: Love, Light and Life

Pastor John Bendixen

7 April 2024

Love,
Light
and
Life

The fact that Jesus would come and die for us is a miracle. Before the foundation of the earth was formed, God had a plan to save you and me. God gives us the space to repent. We can have that walk with Him, that He doesn't require perfection. He requires our obedience. He requires our heart to be for Him.

Everything everywhere, God is just good to us. ¹⁶ And I pray that he would unveil within you the unlimited riches of his glory and favor until supernatural strength floods your innermost being with his divine might and explosive power. ¹⁷ Then, by constantly using your faith, the life of Christ will be released deep inside you, and the resting place of his love will become the very source and root of your life (Ephesians 3:16,17 TPT).

We could say that the resting place of the Continuous, Perfect State of Being is the resting place inside of you. And that Continuous Perfect State of Being becomes the very source and root of your life. ¹⁸⁻¹⁹ Then you will be empowered to discover what every holy one experiences - the great magnitude of the astonishing love of Christ in all its dimensions (Ephesians 3: 18-19 TPT).

God's love and His Continuous Perfect State of Being covers all the dimensions of our life. The Blood of Jesus covers everything in the past. The dimension of our current present and the future, it covers that. Not only that, it also covers a dimension of the spirit realm.

This is good news because that's how He could continue to have a covenant with Abraham when Abraham messed up. That's how He could continue to have a covenant with David when David messed up and everybody else that followed and what they have done because His love covers all dimensions.

I really like the way that the Passion Translation translated this because it speaks to the Continuous Perfect State of Being. ¹⁸⁻¹⁹...How deeply intimate and far-reaching is His love! How enduring and inclusive it is! Endless love beyond measurement that transcends your understanding—Here's part of the dimension thinking, it transcends your understanding, this extravagant love pours into you until you are filled to overflowing with the fullness of God! (Ephesians 3:18-19 TPT).

Wow! I mean, all of the plans that ever God made, He made with you in mind. From the beginning of everything, when Jesus and the Holy Spirit and the Father were all together, all the plans He ever made, you were already in His mind. And He had each of us born into the time of earth that we are born into. When you were born into the earth, it wasn't by accident that you were born into this time.

²⁰ Never doubt God's mighty power to work in you and accomplish all this. He will achieve infinitely more than your greatest request, your most unbelievable dream, and exceed your wildest imagination! The Continuous Perfect State of Being that's resting in you will allow you to have dreams and have things that you couldn't imagine. He can birth it through your spirit, because of His mighty work inside of you. ²⁰...He will outdo them all for His miraculous power constantly energizes you (Ephesians 3:20 TPT).

I declare over you that the healing power of God is working in your body. It's working in your mind, it's working in your soul, it's working all over you in Jesus' name. Everything that we have been believing God for, for all of the correctedness that God's going to bring in you to drive out sicknesses and diseases.

We laid hands on you for healing last weekend, that healing power is at work inside of you. That healing power is energizing you from your inner man. That healing power is continuously working inside of you.

It's been about two years now where I've been speaking to you about healing. That God is on this, on our ministry, that His healing power is going to be working amongst us. It's going to be a constant healing force that God's life is going to keep ministering to us, because we got to live in the realm of God's blessing when it comes to health.

So many times we actually lay hands on people and we think I've got to have an instant healing miracle and if it doesn't happen, I haven't been healed. So I've got to look for something alternative. It's okay to go to the doctor, but you've got to keep your faith turned on that God's healing power continues to work in your body and it's restoring and recovering everything in your body to what God needs it to become. Its original state of health and strength.

I also had a medical doctor come in here and talk to you about eating because if you're eating bad stuff, that could be part of the problem that your body's reacting to. So eat the right stuff.

¹ In the very beginning the Living Expression was already there. And the Living Expression was with God, another translation says, "and the Word was with God." Here it says the Living Expression was with God, yet fully God. So the Continuous Perfect State of Being was with God and yet it was fully God. ² They were together face to face, in the very beginning. ³ And through His creative inspiration, this Living Expression, Continuous State of Being, made all things, for nothing has existence apart from Him.

You are here because of Him. Before He came to earth, He was already there and everything existed because He was already there in the beginning, the Continuous Perfect State of Being. ⁴ Life came into being because of Him, for His life is light for all humanity. ⁵ And this Living Expression is the Light that bursts through the gloom – the Light that darkness could not diminish! (John 1:1-5 TPT).

First fruits are a big deal. Because the first fruit is about making sure that the rest is blessed. God the Father gave Jesus as the First Fruit. His whole reason for doing that was to restore man back into the place that we were originally designed to be. Having dominion.

Because if God can get a people that He can restore back to Himself that have a mindset that we have the Continuous Perfect State of Being living in us, our spirit man is therefore perfect continuously. We must just put the Word of God in so that it can come out and make perfect the things that are in our world. Then we are giving God the opportunity to make perfect what's in our world the way that He originally designed it to be.

Jesus is living inside of us, not just because He wants us to be saved. We're not saved just so we can go to heaven. But actually, Jesus saves us from ourselves. Because "ourselves" will take us to hell. That means "ourselves" needs to be constantly restored. That's why, the Continuous Perfect State of Being living inside of you will restore you – your thoughts, your words, your actions so that everything in your life comes into the order of God as you occupy in this earth, as it is in heaven.

This is the good news of the Gospel that Jesus came to preach. He came to preach the Kingdom of Heaven has come. So, when He died and He was raised again by the Father, He didn't say the Kingdom of Heaven is now no longer come because He died. But in fact, what happened is the Kingdom of Heaven has now come for eternity because He came back from the dead. When He

left, the Holy Spirit came. The Holy Spirit is on the earth, and He represents the Father and the Son. While the Holy Spirit is on the earth living in you and me, the Kingdom of Heaven is at hand – it is at your hand. Let us live like this. The Continuous Perfect State of Being is in you. Let Him out with words. Let Him out into your thoughts. Let your whole world be re-occupied with Him.

So every tomorrow has got to be different than today. Every tomorrow is going to look more like the Kingdom of God for you than it does today. I'll tell you one thing, tomorrow I'm not going to think the same way I was thinking today. When fear tries to grip my heart and say, "What about your finances? What about your health? What about this?" I say, "No fear. You have no place in my mind because the Continuous Perfect State of Being, I release Him into my thinking and He is perfect Love." So this thinking that is causing me to have fear, I say, "Get out of my mind in Jesus' name. You can't hold me down anymore."

So do you want to have a whole new world that is open to you for opportunities in business, for income, for productivity? That whole new world is already here. It's at your hands. He lives in your spirit. Let Him into your thinking. Let it come out of your mouth because then His Continuous Perfect State of Being is making that for you. What I've described to you is faith. The continuous perfect state of being is faith, hope and love. Of these three the greatest is love, because the greatest is God, our faith and hope. Because faith and hope is the way God gets things done. But God Himself is love. But the way He gets things done is through hope and faith, through Jesus and the Holy Spirit.

Let us constantly say, "Lord, I'm constantly dependent on Your love. I'm constantly dependent on Your Word. I'm constantly dependent on the Holy Spirit that lives within me." The more you say that, you're telling your mind and your self-will that you are constantly dependent on Him.

We as a people are pretty tough when it comes to relationships. We don't like young people to be dating each other, and we don't like young people to be doing things like the world does it, it's because we're protective. We want them to grow spiritually so that they can speak out of their spirit man what their future has. They don't just do things that their natural eyes tell them to do. They speak stuff out of their spirit, they respond to the spirit, they love in the spirit, and when that happens, then God begins to make things happen.

And they skip all of the nonsense that the world has. Skip it, just skip it, we go straight into blessing, straight into unity, straight into glory, straight into abundance, straight into all the good things that God has planned for us from beginning till now, straight into it, we skip all that rubbish.

Just thank Him for His Truth, for His Word that is setting us free. We are Truth seekers. We are Christian Truth seekers. We want the Truth of God's Word more than anything else in our lives.
