

Crossover First Fruits Part 7

Say: I'm perfect, and I am determined to be perfect continuously today as I live in a state of being with my Heavenly Father.

What are our challenges? Reality, Reason, Relevance – The bible says: For the weapons of our warfare are not carnal but mighty in God for putting down strongholds and casting down arguments (2 Corinthians 10:4 NKJV).

You can argue about 2 things – verbalise your feelings about the church or go with what is happening in the church and say, "Hey I choose to accept what God's doing in this ministry, so I'm not going to argue against it. I may not understand it now but I'm not going to argue against it." Ask God to give you the revelation so that your life can be redeemed.

What happened to Eve? An argument came against the knowledge of God. She entertained the argument, she acted on the argument now it's part of her, and she ate fruit that she shouldn't have eaten because she had an argument that came against the knowledge of God. God had provided for everything, they didn't have to plant a seed. They were supposed to have dominion.

What are we supposed to do with our arguments? We need to bring them into captivity. Take control of it, have dominion over your thoughts, say "No thought, I'm not going to let you continue in my head." That's all we need to do.

In your spirit you have the Continuous Perfect State of Being. The devil can't do anything about what's in your spirit. We are recreated in the image of God. That can never change. God wants us to do it His way, not our way.

Who do you think owns your money? God does. We need to learn as a lesson to who gets the credit for what God is doing in our lives.

Say: I'm debt-free through the miracle power of Jesus.

This we need to declare over our lives so that we all can get debt-free. That is what God wants for all of us. God wants us to prosper. We need to be self-examining and have a teachable spirit so that we all can get a stronghold in position.

God's pattern is always designed for our victory. Success and failure are a predictable pattern. How you measure success is actually not really valid to anybody else, from anybody else. The only measurement that you might want for success is where do I want to be? Where? There is not just one thing that you can measure yourself with. Surprise surprise you will never have enough, do not use the measurement system because you will always be dissatisfied. Take the thoughts of measuring success captive. Start living in the state of living in obedience.

Crossover First Fruits

We should be living with the Continuous Perfect State of Being that is living inside of us, and we want that life to be living with us wherever we live. Everything I say, everything I do, everywhere I go, now I'm being successful because our success is eternal; Continuous, Perfect State of being flowing through us.
