<sup>9</sup> "But I am the Lord your God, ... <sup>10</sup> I have also spoken by the prophets, And have multiplied visions; I have given symbols through the witness of the prophets." (Hosea 12:9-10, NKJV). There is a place that God has chosen to bring to His people an increase of visions, an increase of multiplication, an increase of knowing what to do, and what God wants us to do, through His messengers. If you're getting a vision or a directive, an assignment from the messengers of God, then you have a much greater place of being able to recognise that this is God that's bringing it to you.

What is the role of a prophet? Protection, preservation, and multiplication. The energy that is in God that comes to protect you, the energy that is required to preserve you and to bring multiplication to you, comes through a human vessel. Oftentimes, people will put the value on how much they receive the message, based on the value that they put on the messenger. Even though we are imperfect, God chooses to use the imperfect to bring out the perfect.

When God speaks through His messengers, His prophets, He's creating visions. When you're listening to a messenger of God, and the Word of truth is upon you, it's an amazing thing how it all comes together and what God can do. It speaks to the future, and it will speak to your future. Oftentimes, your personal future is connected to, and the springboard of your future is based on the collective future.

In February God said: *He has told me that there is chaos coming and there's crisis coming but when the Christians understand the chaos and the crisis, they are the ones that God is going to use to turn things around. When chaos and crisis come, the Holy Spirit is going to cause our wealth to increase, not decrease. Our wealth is going to get higher.*

For those of us who are God's people, if we know what's happening, it will not come to us. In fact, what's going to happen is, our wealth is going to increase. It's not going to decrease because we have been alerted to what God is doing. I have no doubt about this, that as chaos and crisis will continue to be in the earth, God is going to use the Christians, and He's going to reveal Himself through the born-again believers to the earth. Because people are going to want to know, "How did you escape that?" Well, it's because, <sup>13</sup> By a prophet the Lord brought Israel out of Egypt, And by a prophet he was preserved (Hosea 12:13 NKJV). God still works through prophets today.

We are the Body of Christ, the children of the Most High God. He looks upon us with favor. He looks upon us with the eye of preservation and protection, and multiplication. He's not looking upon us with the eye of judgment. The only time that judgment comes into the life of a believer is when you do not respond to the Holy Spirit's working in your heart to walk away from the things that He's telling you to walk away from. If you don't make yourself available to grow in God, then judgment will come to your life, but that's not the chosen method of God's way of getting us to grow. His way is for us to be obedient to the Word that He speaks.

I want to encourage you to strengthen yourself. Strengthen yourself financially, strengthen yourself spiritually, and strengthen yourself in the ways that you live. You should strengthen yourself by decreasing your debt and your liabilities as much as you can. You should increase your strength by increasing your capability to maximise opportunity that God will bring to you.

Let the supernatural energy of God be in you. Because as that energy works in you, if someone says to this mountain with the great energy of God, having no doubt about what that energy can do, 'Mountain, be lifted up and thrown into the midst of the sea,' and believes that what he says

will happen, it will be done.” (Mark 11:22-23 TPT) If you want to know how God is going to make you wealthy and is going to change your situation and establish you, and prosper you, when the world is in chaos and crisis. This is how. I've said this over the last number of weeks and months - Healing is yours. Believe it and receive it. Divine health is yours. Prosperity is yours. Financial deliverance is yours. Increase is yours. The peace of God is yours. If you believe it, you must receive it, and it will be yours.

God will not rest until the Church is in its place of restoration and fulfillment. That means we have to respond to God in obedience to Him. We have to respond to the Word.

When God gives the grace of an apostle to the church, He graces the church with order, with structure, with assignment, with purpose. That's something that a pastor can't do.

I want to encourage you to press into God right now to strengthen yourself because there are opportunities coming our way as the world's crisis begins to emerge and the chaos begins to be revealed, we as Christians will have opportunities to increase wealth. We will have opportunities to reveal God's protection, and we will have opportunities for preservation. Multiplication is coming. It's coming.

I want to tell you last year, in July already, the Lord began to speak to me, to the iXchangers about the multitudes and the multiplication. I can see how the Lord has been using my vessel to speak words of light like the tree of the forest of trees of light to bring about things that He would prepare us for as a church that now is.

Everything that God raises up to be good, the enemy of darkness raises up a counterfeit system and wants to make it look more real because it appeals to your body, your mind, and your soul rather than what God gave us. So, if we want the best out of enjoying sex in marriage, we've got to do it God's way, not the way the enemy has raised it up in the world system. The world says that the conversation of sex doesn't belong in the church. It belongs in the hands of specialists, psychologists, or social workers that will tell you how you can do sex better. So, I ask you, if you want to enjoy sex in marriage, who should you go to to have the most healthy image, the best way of having sex, where should you go to get it? To God. To the Bible. To the Holy Spirit.

God says, “My children, I want you to be alert to My voice because I'm going to show you things to do before things happen. I'm going to show you things to do, and you're not going to know why you're going to do this thing. And you're going to do something and you say, 'But I don't see any human sense why I'm doing this.' And before you know it, a chaotic crisis moment is going to arise, and you're going to be in a place where suddenly you can make a lot of money overnight because you were ready in the place. You were just waiting. You didn't know why, but you were just waiting.”

It's our time, church. It's our time. Hallelujah. It's our time. It's our time. Hallelujah!

Don't be surprised if there's an event that happens in the not too distant future that might bring financial chaos to the earth. That's why I've said you need to get yourself strong, and there might be some opportunities for us to make a lot of wealth. Don't let your personality stop you from walking with God. If you are a quiet person, a shy person, you may not feel like your personality is expressive. Don't let your personality stop you from being expressive with God. Because you can be a quiet person that doesn't say very much. But you should still speak words that will create your future so that you have words available to you with harvest available to you so that you can tell mountains to be moved, and they will be moved because you believe it in your heart and don't doubt it because of the words that you've spoken.

Don't let your circumstances stop you from believing what God can do. Believe the Lord your God and you will be established. Believe His prophets and you will prosper! (2 Chronicles 20:20, NKJV).

You all know when I talk about prosperity, I'm talking about peace, I'm talking about well-being, I'm talking about health, I'm talking about relationships, I'm talking about finances, I'm talking about every part of our lives. What good is a whole lot of money if you're sick and dying? *Shalom* means *nothing missing and nothing broken*. And I speak *shalom* over you today. Nothing missing in your life. Nothing broken in your life. Complete restoration by God. These are words that I'm speaking under the inspiration of the Holy Spirit. *Shalom* in your life. There's a whole future for you that's waiting for you, and walk into it with confidence because of *shalom*.

I want you to take your right hand, put it on your heart here and say; *I speak shalom to me. Nothing missing for me. Nothing broken in me. Peace to all in my life. Nothing broken in my life. All things healthy and whole, in Jesus' name. I go into my future with confidence, with boldness, with courage, with the superhuman power of God working in me, working for me and working with me, in Jesus' name. Hallelujah. Glory to Jesus.*

I set myself in agreement with that prayer, and I declare as you go out and you go about your daily life this week, I pray that you will be sensitive to what God's telling you to be. You will hear His voice and the voice of the Good Shepherd, you will hear Him and you will not follow any other voice - you will follow the voice of the Good Shepherd, in Jesus' name. And He's going to lead you besides still waters, He's going to lead you to green pastures, He is the Good Shepherd that is going to take you through valleys and no death will come near you, in Jesus' name. Yea, though you may walk through some of those valleys, you shall have no evil, it shall not come near you. He will prepare a table of abundance before your enemies for you, in this week ahead, in Jesus' name.
