The life of God is the ultimate government. It's the ultimate law. The absence of God in government, or the absence of God's law on the earth, guarantees destruction. If we make choices to say we don't need God's government in our lives, then we are saying, wherever we choose to not have God's government in our lives, that part of our life is guaranteed for destruction. The enemy will always try and persuade you to not have God's law and government in your life because then that opens you for destruction.

The thing that makes people wise is the knowledge of God's order and God's government and God's laws. The fear of not having God's order, His government, and His laws in your life, the fear of what destruction comes to you, that's the beginning of wisdom. Wherever I exclude God's government, wherever I exclude His order, wherever I exclude His laws from my life, that's the destruction that's coming to me. And if I fear that, then I'm going to keep destruction away from me because wisdom becomes my protection.

The wisdom of God's order and laws at work for you, will bring you prosperity. It will bring you abundance. It will protect you. It will safeguard you. It will give you a promotion in life, not a destruction in life.

There's a great contest in the earth, and the great contest in the earth is human power versus God's order. Human power says what power I gain to myself or what power I give to a government or whatever human power exists, the human power and the power of choice is greater than the power of God. You trust yourself more than you trust God.

Trusting God means submitting yourself to His government in your life. Doing the acceptable and perfect will of God for your life every day. Meditating on His Word day and night because this will cause you to have your paths directed by Him. Thinking about His word and doing it. The more you see His hand at work in your life, the more you will trust Him. When I speak His Words every day and I give my life to Him every day; that becomes my protection, it becomes my safety net, it becomes my barrier. His government and His order and His laws become my foundation. Everything in my life works better.

People exclude God so now they must become more tolerant of immorality. The only way they can govern is to be more and more tolerant of immorality. We, as a church, should not tolerate the same things that governments are tolerating.

The systems of this world are lawless. It has no order of God in it. If you operate in these systems the language and the culture of the systems can infiltrate you. Now when you go to God, you look at God's Word and you start to read God's Word and you filter God's Word through your experiences. You don't read God's Word for what His order says. You accept a compromised gospel because you interpret the Bible the way you want to because of the culture. We have got to guard our minds to this infiltration system that is constantly trying to contaminate the order of God, the life of God, the blessing of God, the ways of God.

When you are faced with disorder in your life, if you keep believing the promises of God, if you keep standing in faith, then God's got a chance for His order, His ways, His life, His government to come and undo the work of the enemy. If you quit your faith, God can't come in and do that work. If you keep believing more in human power than in God's power, your done. We've got nothing to lose if we go all in for God's power.

The more we trust Him, His order, His government, His ways, His laws, we put our faith in Him, He says, "Come on, keep working. Keep to it. Trust in Me. Walk with Me. Let Me be your Partner in everything in your life. Let Me be your Lord. Let Me be your God. Let Me be the one that makes all good things happen for you."

Say: I wear God's seal in my heart. I am under God's authority and I wear the signature, the seal of His authority and His government in my life. I am under a set of laws. I have a set of rules that govern my life.

When you submit your gift to the church, everything in your gift becomes silver and gold, it becomes honorable, because it is now in the order of God. If you keep your gift to yourself, for yourself, using it for yourself, it will always be a kitchen utensil.

We should always run away from wickedness, twisted ways and all the ambitions and lusts of youth. We should chase after all that is pure. Run after God, chase after Him and His ways. If you pursue God and His holiness, your whole life, your gifts, your callings, your talents, whatever you are is honourable. It's meant by God for honourable use because you were not pursuing yourself. You were pursuing Him and bringing life to all of those that you could touch.

I am speaking to you today and I'm declaring to you today that the order of God, the life of God, is present in our ministry. We are pursuing the order of God, the laws of God, the life of God in this ministry. And as we do this more and more, we are creating a space for you to be able to bring your gift, sanctify it to the holiness of God, following His purity, and then everything you do in life will be blessed.

The journey is a lifetime journey. It's a beautiful, grand, marvellous journey. Don't think if you haven't seen the results that you need to see yet that you're not ever going to. That's the biggest lie of the devil.

God is busy creating us to say; your gifts are going to become honourable and wherever your doubts are, it's honourable, it's gold and silver because you're submitting things to God. The reset. The *crossover reset* is in full swing.
