

MEN'S CAMP 2025

Declarations

THANKFUL & PERSEVERING

We make a declaration, Father, that we are going to be happy in our faith and rejoice and be glad-hearted continually. We are a group of men that are unceasing in our prayer life. We pray with perseverance. We don't just do a little bit of it, we pray with perseverance.

We thank You God in everything, in everything, we are going to be thankful to the Lord. We are thankful in everything, no matter what the circumstances may be. We are thankful and we give You thanks, for this is the will of God for us that we be thankful, that we give thanks in everything. We give thanks, and You, Father, are our Mediator and You reveal things to us because it's Your will that in thanksgiving and thankfulness, this is what we do.

ENCOUNTERS

So, my point is that if God is going to encounter us this weekend, He's going to encounter us a little differently than when we are all together. I mean, as in the whole congregation, when we go together, away as men, God is going to encounter us differently, and I'm trusting God that God is going to encounter you and me in a different way that is really important, very personal, and very powerful. I'm trusting that God is going to change every one of us in a meaningful way.

THE PRESENCE OF GOD

We thank You, Lord, that we have put ourselves in a place and we willingly ask You and put ourselves in a place that You will show Yourself to us, reveal Yourself to us, and bring Your presence to us. Just as we were preaching yesterday, You will bring Your presence to us. What point is it for us to go to a men's camp if Your presence doesn't go with us? So we ask You that Your presence goes with us and we encounter You in a meaningful way. Each personal, powerful, individually.

THE LORD IS WITH ME

I thank You, Lord, that as you were with Jesus, so You are with me, and You will never leave me, and You will never forsake me, and as I go on this men's camp, I will encounter You.

STRONG & COURAGEOUS

I am strong and of good courage.

Thank You, Lord, that we are strong. Thank You, Lord, we are very courageous. We will observe everything You tell us to do. We will not turn to the left or to the right so that we may prosper in everything that we do, in Jesus' name.

MEN'S CAMP 2025

Declarations

OBEDIENCE PRODUCING CHANGE

I'm accessing the power of our agreement that God is going to meet with us and we are going to encounter Him in a powerful way, in a different way, in a way that's most meaningful to us.

Lord, anything that You say to us, all that You command us, we will do, and wherever You send us, we will go. Those changes that we need to make, we will make those changes. We will make those changes. We will make those changes.

I will be strong and very courageous. I will have courage. I will have courage to do what it takes to change.

THE COURAGE TO CHANGE

Pastor John: If you will be courageous enough to write down that one thing and say, "This thing I want to change." I want to encourage you not to see this thing as a negative thing like, "I have to stop doing that." I would rather that you see it, "If I can do this, then that would stop that."

PERSONAL DECLARATION

Lord, I want to change this thing: _____ and I pray that this weekend as I encounter You, I will be in the momentum of obedience with You.

Father, I declare once again that I'm happy in my faith. I am rejoicing, and I'll be glad hearted continually and always. I am unceasing in my prayer and I will persevere in my prayer. I thank You in everything, no matter what the circumstances may be I am thankful and I give thanks because this is Your will for me, I will continually give thanks. Thank You, Lord. I declare that I have the power and the strength and the capacity to do this in Christ Jesus, this very week, in the name of Jesus.

MEN'S DECLARATION

We are willing and ready and prepared and we are preparing ourselves for this time that we are going to have with the Lord from Friday to Sunday. We are going to have amazing fellowship amongst ourselves. We are going to encounter God and we are going to have a glory time, coming back different, having encountered God for ourselves in different ways.
